TO WHOM IT MAY CONCERN

I know Mrs. Ilknur Timur , TIM International GMBH, since 2009 when I was appointed as Ambassador of Switzerland to Turkey. She is one of the official experts of Swiss export and investment promotion agency, OSEC Business Network. She works as a bridge between Switzerland and Turkey. She has a broad experience of matching Swiss and Turkish SMEs. In this regard she is particularly efficient and competent thanks to her broad network and her contacts with SMEs in both countries. Mrs. Timur has successfully completed several mandates of OSEC.

I know her as a reliable, cooperative, solution oriented and efficient as well as charming person. Her competence in Swiss-German and Turkish enables her to communicate easily with Swiss and Turkish business circles and administrations. I think Swiss and Turkish companies having plans to do business in both countries can rely on her competence and dedication to work.

  
Raimund Kunz

Ambassador
